Conquering Chaos

AND THE HUMANITY
SCIENCE OF SAFE CARE

Stoney Creek Inn, Columbia, MO

Keynote Session: The Joplin Experience: Maintaining Focus During Chaos

Flickr: mercysocialmedia

Join us for our sixth annual conference and keynote session with the courageous team from St. Johns in Joplin, who will share their

insights about how they successfully maintained the safety of their patients and staff during the deadly May 2011 tornado.

The conference will also provide an opportunity to network with other patient safety leaders, learn from state experts, and share your own successes through poster displays.

Award and poster applications, along with vendor and sponsorship opportunities are available at www.mocps.org.

General Session Feature:
Human Factors at Play by Dan Simons, PhD, Author of *The Invisible Gorilla: How our Intuitions Deceive Us* (Book will be available during the conference.)

Other speakers are:

Pat Posa, RN – Converging of Diverging Priorities – balancing quality and safety improvement in a climate of ever increasing regulatory and economic pressures.

Dorrie Fontaine, PhD, RN, FAAN – “The Silent Treatment” – results of this study in follow-up to “Silence Kills” – why safety tools and checklists aren’t enough to save lives – The Need for Conversation – encouraging professionals to talk about unsafe conditions and errors.

And panel presentations with your colleagues:

Presenters from organizations that have implemented the Comprehensive Unit-based Safety Program (CUSP) to improve teamwork and bedside safety.

The always popular Missouri Excellence in Safe Care Awards panel.

**MOCPS PSO Participants – Save the date for the
3rd Annual PSO Participant Day on Wednesday, April 18!**
